

Minuteman ACS Automatic Carpet Scrubber

Powerful. Economical. Compact and Easy to Handle.

Minuteman's ACS cleans and recovers in one pass and offers exceptional maneuverability, even in the smallest areas...

...and the upholstery tool with a great hose range cleans with ease.

Minuteman

Minuteman's ACS cuts a wide 20" cleaning path and features a patented MaxiWall™ tank designed to maximize capacity and performance.

Save time and expense. Depend on the ACS's sleek, compact design and revolutionary features to keep your carpet looking beautiful, year after year.

Product Features

Convenient

- Easy to use attachments, no tools required.
- Simple to clean and maintain.
- Cleans with a minimum amount of water, so carpet dries quickly.
- All electric design.
- Comes with 75 foot cord.

Versatile and Maneuverable

- A wide 20" cleaning path in a compact, sleek design.
- A patented pivoting, spring loaded Vac Shoe automatically disengages when in reverse.

Now even the largest areas of carpeting are a one-person job. Consider these time-saving elements: Minuteman's ACS is self-propelled for effortless operation and features a user-friendly control panel at your fingertips. After adjusting the proper settings, the ACS sprays, scrubs and extracts in one easy pass. Plus, the ACS is sleek and compact yet cleans a wide 20" path while easily maneuvering in the tightest areas.

Big cleaning capacity in a compact size.

Minuteman's patented MaxiWall™ inside the non-corrosive, polyethylene tank means greater cleaning capacity than many machines that are bigger and bulkier. Here's how the patented MaxiWall works:

First, add cleaning solution to the front solution tank. As the solution is used, the MaxiWall moves toward the solution side — leaving additional room for recovered solution. This provides an increasing amount of space for both solution and recovery without increasing overall size of the ACS. The MaxiWall also maximizes machine balance throughout the complete cleaning cycle (see diagram below).

A patented pivoting, spring loaded Vac Shoe provides powerful cleaning and easier operation.

The Vac Shoe assembly, conveniently located in the back of the machine, incorporates an adjustable high speed brush (1400 RPM) in a patented spring loaded design that assures great scrubbing power with maximum solution recovery. Four quick disconnect spray jets apply the correct amount of solution to the carpet.

Minuteman's economical and durable ACS is specially engineered with patented high-performance features to cover every inch of your carpet with care and efficiency.

Batteries not required.

This distinctive feature makes the ACS a top performer every minute it's on the job. Plus, with a full complement of attachments, the versatile Minuteman ACS can clean stairs and hard-to-reach areas.

Multi-Clean® chemicals are designed to enhance the cleaning ability of all Minuteman floor care equipment.

To insure the best results every time, Multi-Clean®, a total floor care system chemical manufacturer and subsidiary of Minuteman, offers a full line of maintenance chemicals specifically designed to work with the ACS including carpet extraction solution, a carpet spotting kit, defoamer, pretreatment and carpet protectors. Each has been specially formulated to help restore and maintain your carpet's original luster.

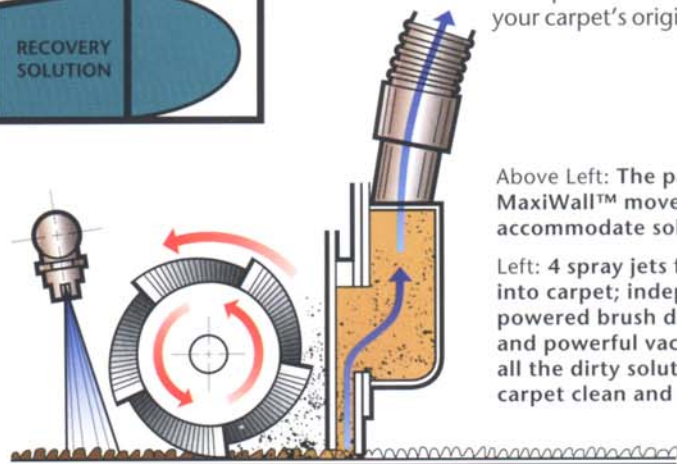

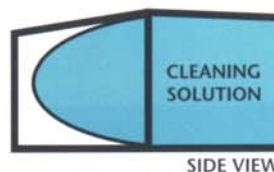

SPECIFICATIONS

Minuteman ACS

Cleaning Path	20" (51 cm)
Brush Diameter	4" (10 cm)
Vacuum Motor	2 hp, 3 stage
Waterlift	105" (2,667 mm)
Air Flow	100 CFM (2.83 m ³ /min.)
Solution Tank	25 gallons (95 liters)
Recovery Tank	25 gallons (95 liters)
Solution Pump	100 PSI — 4 quick disconnect jets
Cable	75' (23 m), 14-3
Brush Speed	1400 RPM
Vacuum Shoe	20" (51 cm), Stainless Steel
Construction	Rotational Molded Polyethylene
Dimensions (LxWxH)	42" x 20" x 39" (109 cm x 51 cm x 99 cm)
Weight	227 lb. (103 kg)
Wheel Diameter: front	(2) - 8" (20 cm)
Castor Diameter: rear	(2) - 3" (8 cm)
Warranty	3 years parts, 1 year labor
Options	160 Powerhead, Scrub Wand, Upholstery Tool, 15ft or 25ft hoses

*Specifications subject to change without notice.

Minuteman is a full line manufacturer of maintenance products including critical filter vacuums, industrial and commercial vacuums, sweepers, scrubbers, floor and carpet machines, PowerBoss® sweepers and scrubbers, Parker Sweeper® Litter Vacs and Multi-Clean® Chemicals for industrial, commercial, and institutional facilities.

Above Left: The patented MaxiWall™ moves to accommodate solution levels.

Left: 4 spray jets force solution into carpet; independently powered brush deep cleans; and powerful vacuum picks up all the dirty solution to leave carpet clean and virtually dry.
