Speed forward (variable to)	3 mph	4.8 km/h
-----------------------------	-------	----------

TENNANT VALUE ADDED EQUIPMENT INCLUDES

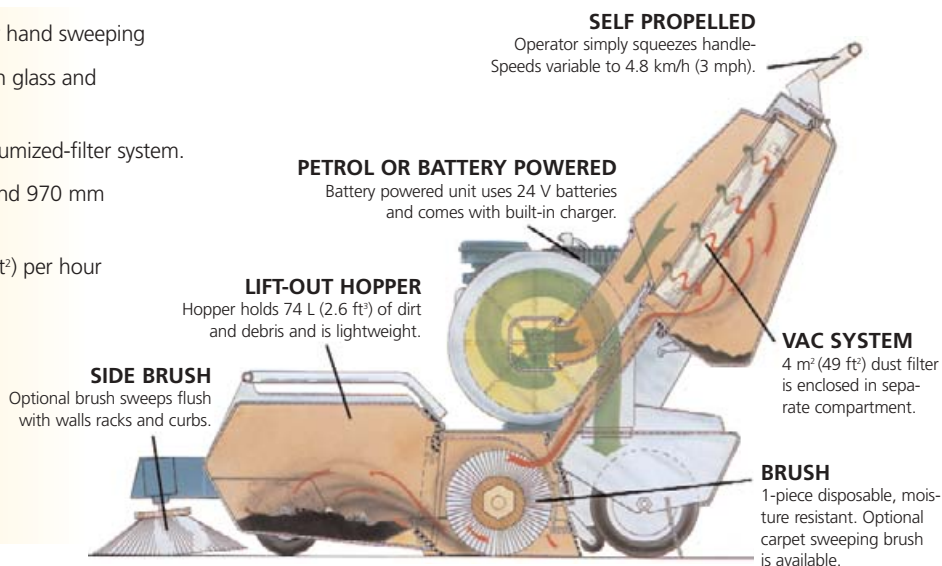

Electric shaker (140E), light weight hopper, quick brush change (reversible), hour meter (140E), on/off key switch

OPTIONAL EQUIPMENT

Carpet kit with Union mix carpet brush and filter, 3-Stage fine particle filter, full height battery tray (140E), side brush-410 mm (16 in), Note: side brush is standard in Australia and New Zealand.

- Cuts labor costs - works up to 7 times faster than slow hand sweeping
- Picks up fine dust, dirt, paper, litter, metal chips, broken glass and cans in one pass.
- Near 100% dust-free sweeping with 4 m² (49 ft²) vacuumized-filter system.
- Sweeps 740 mm (29 in) path in the standard version and 970 mm (37 in) path with the optional side brush.
- Increases productivity - cleans up to 1900 m² (20,000 ft²) per hour with the optional side brush.
- Excellent for schools, airports, tennis courts, parking lots, factories, hotels, shopping centers etc.
- Works inside buildings and outdoor.
- Works on all surfaces: vinyl flooring, tile, concrete, asphalt and on short and medium thick carpet with the optional carpet kit.

- Fits through 800 mm (32 in) door.
- Self-propelled - choice of petrol (140P) or quiet, fume-free battery power (140E).
- Electric filter shaker - fast, efficient cleaning (standard on 140E battery model)
- Optional side brush sweeps hard-to-reach areas such as walls, curbs and next to equipment.
- Serviceability features: 1-piece disposable brush, quick reset circuit breakers, color-coded wiring, detailed instructions manual and hour meter for battery charging and scheduled maintenance.
- Ease of operation features: simple brush adjustment, built-in charger and timer (battery unit), lightweight/maneuverable, self-propelled, simple controls and international symbols, electric filter shaker and key switch.

(Specifications subject to change)
