

Vantage 13

Compact Micro Autoscrubber®

- Removable tanks for easy filling, dumping, and cleanout
- Simple controls
- Ergonomic handle
- Fold up compact design for storage and transport
- Exceptional water pickup in forward and reverse

The Clarke® Vantage 13 Micro Autoscrubber® gives you big cleaning capacity for those small areas. The Vantage 13 delivers an even, consistent pressure over the floor for a deep, uniform clean with safety in mind. Armed with two sets of squeegees, the Vantage 13 recovers cleaning solution in forward and reverse. With the added controlled water usage, floors dry quickly without extended interruption.

The Vantage 13 features two tanks – easy to refill, empty and to clean. The 13 inch cleaning path and low machine profile allows for micro scrubbing in tight spaces.

The adjustable handle is ergonomic and fits the operator with comfort. With the compact folding handle, the Vantage 13 is very easy to lift, carry, and transport.

Trusted. Reliable. Efficient.
