Cordless cleaning. Anytime. Anywhere.

The Speed Scrub® 15 inch battery

Cordless design for safety and cleaning flexibility

Eliminates cord hazards and constraints for easy cleaning any time of day.

Recharge battery multiple times a day

Compared to standard batteries, optional lithium-ion battery technology lasts up to 20 times longer in high frequency, quick charge applications.

Compact and maneuverable

Clean small, congested areas safely and efficiently without disturbing customers, patients, students or employees.

Many applications

1. Retail

Perfect for convenience stores, check out aisles, food prep areas and quick clean-ups anytime.

2. Healthcare

Compact and quiet for use in patient rooms, cafeterias and touch-ups in other areas.

Built to be **tough**. Made to be **easy**.

Two Battery Options to Match Your Needs — AGM or Lithium-ion

AGM battery provides up to 45 minutes of high performance cleaning which is best suited to single daily use.

Lithium-ion batteries provide up to 60 minutes of run time, thrive on multiple use/charge applications, and are lighter and provide longer run time than standard batteries.

Battery Recommendation Matrix

APPLICATION	AGM	LITHIUM-ION
