

**57,479 SQ. FT. PER HOUR**

**EASY MANUVERABILITY & ERGONOMIC OPERATOR COMFORT**

**BIG PRODUCTIVITY IN COMPACT PLATFORM**

# **KS32R | RIDER SWEEPER**

# KS32R | PRODUCT FEATURES

When considering the dust-free cleaning of small and medium-sized areas, you can't do better than the KS32R. It works according to the over-throwing principle which ensures the hopper is filled to capacity. It works according to the over-throw hopper principle which ensures the hopper is filled to capacity. This promotes uninterrupted work and a constant, first class sweeping performance. To ensure the machine continues to provide consistent cleaning results, the filter in the insert can be shaken clean. The robust, Steel frame construction is heavy-duty quality which means the Minuteman Kleen Sweep 32R is a machine for professional use that can clean surfaces thoroughly and efficiently. The Kleen Sweep 32R offers operators simple conveniences such as maintenance free batteries, on-board charging station, wet sweep bypass, large hopper capacity and quiet operation.

FEATURES	BENEFITS
Maintenance-free battery's	Environmentally friendly and long operating time. With on-board charger for charging at any power socket.
Ergonomically Designed	Reduces operator fatigue, with excellent line of site and comfort zone hand bails. Provides maximum maneuverability & operator safety.
User Friendly Controls	Simple, easy to understand icons & selector switch plus one touch directional lever.
Large Debris Flap	The innovative flap to accommodate larger debris makes light work of clearing up small, difficult items, such as screws from a smooth surface.
Filter Cleaning	Shake the filter clean quickly and easily
Wet Sweep Bypass	Simple push flap avoids sucking water into the panel filter when sweeping wet material.
Quiet Operation	The KS32R operates at a decibel rating of 63 dBa

KS32R TECHNICAL DATA	
Drive Motor	0.8HP / 24W
Brush Motor	0.8HP / 24W
Battery System	24v Maintenance Free Batteries / On-Board Charger
Sweeping Width	26" / 670mm
Sweeping Width with side broom	35" / 890mm - 43.7" / 1110mm
Sweeping Speed	3.7 mph / 6km
Sweeping Performance	57,479 ft2
Hopper Capacity	2 x 6.6 Gallons
Filter & Filter Shaker	Yes
Weight (Ready to Operate)	620 lbs
LxWxH	50.4 x 35.7 x 47.6"
