# Clean Restrooms and Hard Surfaces Fast and Effectively with the Quick Clean™ 1500

Throw your mop and bucket away! The Nobles Quick Clean™ 1500 All Surface Cleaner is the best solution for cleaning those filthy restrooms and other hard surfaces. The Quick Clean™ 1500 All Surface Cleaner cleans faster and more effectively than the manual “wipe down” method. Once you’ve cleaned with the Quick Clean™ you’ll never use a mop again. Your cleaning crew will enjoy using the Quick Clean™ 1500 because it’s easy to use and because it employs a “touchless” method of cleaning. The results are increased worker morale, high productivity and sparkling clean surfaces.

**STEP 1**  
Use the low pressure trigger setting to apply Formula 710 Multi-Surface Acid Cleaner.

## Applications

Use the Quick Clean™ 1500 model on sinks, urinals and toilets, pool areas, tubs and shower stalls, locker rooms, stairwells, windows and other non-porous surfaces. The Quick Clean™ 1500 is ideal for use in schools and universities, senior and child care centers, health clubs, hospitals and nursing homes, sports facilities, retail stores, office buildings or wherever there’s a tiled surface.

## Easy to Use

The Quick Clean™ 1500 All Surface Cleaner is a multi-functional machine that’s easy to use. Fill the solution tank, insert the desired formula metering tip and go! This unit allows you to clean air vents, clean and rinse fixtures and surfaces, blow dry the surfaces and recover the dirty water. After cleaning, the 19 gal/72 L recovery tank easily empties into a toilet, mop sink or floor drain using the drop-down drain hose or power pump-out method. The result is a clean, spot free area.

## Tools & Accessories

The Quick Clean™ 1500 comes complete with 10 standard tools and accessories which include a swivel head scrub brush, telescopic vacuum wand, separate expandable clean-air blower hose, wand squeegee attachment, black recovery hose, blower nozzle, gulper tool, spray gun, hand squeegee, fill hose and a starter kit of Formula 710 Multi-Surface Acid Cleaner and Formula 720 Multi-Surface Rinse. An optional Carpet Extraction Tool Kit is also available.

Like all Nobles machines, they’re built with the rugged durability and quality that you expect, for years of reliable use. For more information on the Nobles Quick Clean™ 1500 All Surface Cleaner contact your local authorized Nobles distributor.

## KEY FEATURES

1. High pressure pump delivers solution to hand-held spray gun.
2. 3-stage vacuum motor delivers high performance for optimal water retrieval.
3. Separate blower motor supplies clean air for blow drying and prevents cross-contamination.
4. Collapsible solution bladder holds 15 gal/57 L of water and allows for increased recovery capacity as water is used.
5. Quick connect high pressure solution hose for easy set-up.
6. Convenient drop-down drain hose allows operator to dispose recovered water into toilet or drain.
7. Large 12-inch/300 mm wheels provide excellent mobility and stair climbing capability.

**STEP 2**  
Scrub surfaces thoroughly with scrub brush to effectively clean the area.

**STEP 3**  
Use the high pressure setting to rinse.

**STEP 4**  
Squeegee walls and mirrors to reduce drying time.

**Use the Quick Clean™ 1500 on:**  
Sinks, Urinals and Toilets, Pool Areas, Tubs and Shower Stalls, Locker Rooms, Stairwells, Windows and Other Non-Porous Surfaces.

**STEP 5**  
Blow dry surfaces & fixtures with separate blower hose and tool.

**STEP 6**  
Recover dirty water with the floor squeegee tool and separate recovery hose.

**STEP 7**  
Empty recovered water into toilet, mop, sink or floor drain using the drain hose.

**Product Name**  
**Product Number**

**Quick Clean™ 1500 All Surface Cleaner**  
**US-609640 CAN-609799**

**Machine Dimensions**

Height	37.5 in/960 mm
Length	36.5 in/930 mm
Width	18.5 in/470 mm
Weight	126 lbs./57 kg

**Body Construction**

Housing	Polyethylene
Casters	4 in/100 mm
Wheel Type	12 in/300 mm

**Solution Pump**

Voltage	120 V
Amps	4.5 A
High Pressure Setting	1 gpm/300 psi, 4 lpm/21 bar
Low Pressure Setting	1.5 gpm/45 psi, 6 lpm/3 bar

**Recovery System**

Motors (2)	1 vacuum, 1 blower
Vacuum Water Lift	117 in (vac)
Airflow	104 cfm (blower)
Vacuum Motor Type	Single speed, UL/CSA
3-Stage Vacuum Motor Amps	10 A
Motor Stages	3-stage (vac)/2-stage (blower)
Vacuum/Blower Motor Voltage	120 V
Vacuum/Blower Motor Watts	1200 W (vac)/1000 W (blower)

**Tank Capacity**

Solution Tank Capacity	15 gal/57 L
Recovery Tank Capacity	19 gal/72 L

**Power Cord**

Length	25 ft/7.6 m
Description	Yellow, GFCI, (120 V, 15 A)
Total Power Consumption	12 A

**Standard Equipment:**

Two-piece telescopic aluminum vacuum wand, 25 ft/7.6 m, 1.5 inch diameter recovery hose-black, 25 ft/7.6 m expandable gray clean-air blower hose, 25 ft/7.6 m high pressure hose with quick-connect variable pressure gun, scrub brush, floor squeegee tool, hand squeegee tool, blower tool, gulper floor drain tool, chemical metering tip packet, fill hose, 1 gal/3.8 L Formula 710 Multi-Surface Acid Cleaner and Formula 720 Multi-Surface Rinse.

**Optional Equipment & Supplies:**

Formula 710 Multi-Surface Acid Cleaner-(4) 1 gal bottles / (4) 3.8 L bottles per case, Formula 720 Multi-Surface Rinse-(12) 1 qt. bottles / (12) .95 L bottles, Carpet Extraction Tool

*Formula 710 and 720—Specially designed to clean hard surfaces*

*Clean carpet with our optional attachment kit*

*Clam shell design allows easy access to motors and pump*
