

Sanitaire SC689A 1.9Q Lightweight Upright Vacuum Brochure

Overview

Save money on bags with this 14-lb., lightweight upright made for heavy-duty cleaning. From the easy-access dirt cup and 30-foot cord to the high filtration system, keep the focus on cleaning rather than maintenance. Combining an outer bag with the easy-empty dust cup, just release the two latches, pivot the upper bag back and pull out the cup to empty.

Features and specifications

High performance bagless cleaning - 5amp, high filtration dust cup upright means no keeping track of or paying for disposable bags.

Easy empty dust cup - quick-release latch system allows the 1.9-qt. Dust cup to pivot away from the bag making it easy to empty.

Durable - high-efficient, extra long-lasting commercial motor and true balance double ball-bearing brushroll for less maintenance and downtime.

Convenient features save time - the 30-foot cord lets you clean a large areas before having to stop and re-plug.
