

The Answer 27

High Speed Propane Burnisher

Available Options:
Auto Emission Shut Down
Centrifugal Clutch
Electric Clutch

27" Rugged Cast Aluminum Body
Centered Body Design
Kawasaki 17HP or 13HP 12V / 110V Engine
Surpasses all EPA and CARB Requirements
Custom Made Integral LPG Carburetor
Certified at 15.1 LPG Horsepower

Low Oil Shutdown
Safety Regulator Fuel System
Premium Catalytic Muffler

Modular Easy-Change Components
Heavy-Duty Fiberglass Pad Driver
Hand Release Pad Lock
Adjustable Caster Wheels
Easy to Maintain and Maneuver

Equipment Specifications:

Pad Size	27"
Pad Speed	1700 RPM
Work Rating	33000 sqft/hr
Engine	17HP Kawasaki
LPG Horsepower	15.1
Engine Speed	3600 RPM
Fuel System	Regulator & Solenoid
Oil Safety System	Low Oil Shutdown
Optional Emission Safety	Automatic Shut Down
Starter	12V Key Start
Propane Tank	Steel Safety Fill
Optional Propane Tank	OPD Steel Safety Fill
Sound Level	80 db
Engine Warranty	2 years
Optional Engine Warranty	4 years

Shipping Specifications:

Machine Weight	250#
Machine Height	33"
Machine Length	53"
Machine Width	29"
Shipping Weight	300#
Shipping Height	38"
Shipping Length	56"
Shipping Width	30"
