

# CarpetMaster™ 200 Series

## Dual Motor Vacuums

*Designed with the benefits  
of a dual motor vacuum*

- High productivity, dual motor cleaning without the fatigue
- H.E.P.A. filtration comes standard
- Quick-draw detail wand with secure easy-access tools
- Easy maintenance features
- Bright, prominent bag light alerts the operator to change the bag or check for clogs
- Simple brush height adjustment
- 2 year service free cog style sealed belt
- Non-marking bumper
- 50 foot safety yellow cord

Light handle weight won't fatigue the operator.

**Trusted. Reliable. Efficient.**

# Clarke®

# A practical vacuum with features that matter

**Better Productivity:** 1,350 Watts of total cleaning power optimally allocated to driving the brush and vacuum independently. The result is a one-pass cleaning capability which saves up to 20% in cleaning time.

**Carefree Operation:** The brush stops turning when the operator is detail cleaning with the wand and tools.

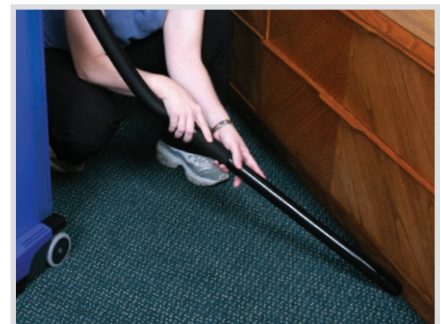

**CarpetMaster doesn't weigh you down!**

Unlike most dual-motor vacuums, the CarpetMaster has its vacuum motor located at the base of the machine. The result is a lighter handle weight. That means less fatigue for the operator.

**Simplicity:** Simple controls make the CarpetMaster easy to operate and maneuver. Convenient handle location assists operator with lifting up stairs, onto carts and more.

Quick and simple bag replacement. Just lower the bag holder and pull your used bag out, then slide in a new bag and snap holder back into place. Easy as 1-2-3!

Easy to use quick-draw detailing wand and tools.

# CarpetMaster™ 200 Dual Motor Series

- 1** Adjustable height handle
- 2** Quick cord clip for simple cord management
- 3** 50 foot safety yellow cord wraps quickly on convenient cord wrap
