

K 3.450

KÄRCHER

The K 3.450, with its air-cooled induction motor that lasts up to 3X longer than typical universal motors, delivers an amazing 1800 PSI. That's more than 35X as much pressure as a garden hose! The K 3.450 has a top mounted detergent tank that offers convenient access to reduce cleaning time and quick connect throughout for easy set up and storage. To clean with detergents, simply fill the detergent tank, attach the Vario Power Spray (VPS) wand and dial up the right amount of water pressure for the job. For tougher projects, attach our patented DirtBlaster® spray wand, which increases the effective pressure by up to 50%!
