

Galaxy 1500

Cord-Electric Burnisher

The Galaxy 1500 is a durable, economical cord-electric burnisher that delivers unsurpassed value in high speed floor care. Burnishing at 1500 RPM, this Galaxy produces that high-gloss "wet-look" shine long associated with NSS burnishers.

- The Galaxy 1500 features a flexible, built-in pad driver for smooth, balanced, and safe operation.
- The Galaxy 1500 features a mechanical lock-out which must be released before the switch lever can be activated. This safety feature helps prevent unauthorized operation of the machine if it is left unattended.
- Built-in transport wheels at the rear of the unit assist in transporting the Galaxy 1500 in and out of buildings and vehicles.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

Galaxy 1500 Specifications

Pad Speed	1500 RPM
Pad Size	20 in (51 cm)
Pad Driver	Flexible polypropylene
Motor	Permanent Magnet
Type	DC rectified
HP	1.5 HP (1100 watts)
Size	66 frame
Voltage	110-120V (220-240V available)
Construction	
Base	11-gage chrome-plated steel
Wheels	5-in (12.7 cm) non-marking
Handle	14-gage chrome-plated steel
Cord	
120V	50 ft (15.2 m) 14-3 ST Safety Yellow
240V	50 ft (15.2 m) 16-3 ST Safety Yellow
Sound Level	63 dBA
Dimension	
Length	27 in (68.6 cm)
Width	21 in (53.3 cm)
Motor Height	13 in (33 cm)
Handle Height	46 in (117 cm)
Weight	
Machine	97 lbs (44 kg)
Shipping	109 lbs (49.5 kg)
Shipping Class	125
Warranty	3 year limited
Productivity	9,545 sq ft per hour (887 sq m)

- 1 The Galaxy 1500 features a mechanical lock-out on the handle, which must be released before the switch lever can be activated. This important safety feature prevents unauthorized operation if the machine is left unattended.
- 2 Ergonomic handle adjustment allows operator to set the handle height for comfort.
- 3 The powerful 66-frame, 1.5 HP motor delivers all of the burnishing muscle you'll need.
- 4 360° non-marking bumper protects walls and fixtures from accidental damage.
- 5 Chrome-plating helps protect the deck from corrosive chemicals.
- 6 Transport wheels at the rear of the machine make moving from job-to-job easy.

Stainless steel and chrome-plated construction protect the deck and handle from corrosive chemicals, extending machine life.

The wheel carriage helps prevent back strain while transporting the Galaxy 1500.

All steel components are recyclable, lessening the Galaxy's environmental footprint.
