

Eagle™ Battery Burnishers

New & Reconditioned Equipment & Parts - www.southeasternequipment.net

21" P/N 700533

27" P/N 700534

- Speed: 1450 rpm
- Torque: 19.1 ft-lbs / 26 nm
- Weight: 320 lbs / 145 kg
- Noise Level: 65 dB
- Head Pressure: 75 lbs / 34 kg
- Battery: Two 100 Ah lithium ion in series (200 Ah)
- Run Time: 3+ hours
- Charger: 40 amp
- Charge Time: 5 hours

- **Exceptional power and torque:** Our proprietary 4kw/5.5hp DC motor offers more than 2x power and torque of competing battery burnishers
- **Very light, compact and mobile:** Our lightweight, compact design measures approximately one-third weight of competing battery burnishers with very easy maneuverability and transport
- **Excellent productivity and run time:** The Eagle™ battery burnisher completes nearly 100,000ft²/9,350m² on one charge; two 100Ah lithium batteries offer 3+ hours run time and rapid recharging
- **Less expensive with more standard features:** Standard dust control in 27" size, 40 amp charger, easy charging and maintenance access

Warranty

- Machine: 3 years
- Batteries: 36 months straight line declining
- Motor and Charger: 1 year
