Vacuums & Sweeper

3000 Series Vacs & Sweeper

Clean Carpet Better with Tennant

The base mounted motor on the 3400 provides a low center of gravity and prevents tipping. An easy to remove lid allows for quick access to the 8 L dust-free flanged bag.

The built-in vacuum hose on the 3220 provides powerful lift and allows the operator to clean in hard to reach areas.

Tennant offers a wide range of vacuums and sweepers designed to help you maintain floors more productively. The 3000 Series of vacuums and sweepers can be customized with accessories to fit your exact cleaning needs.

Built to Last

Tennant vacuums are built with heavy duty rotationally molded polyethylene plastic that won't rust, corrode, dent, chip or crack. Each machine is hand crafted and tested to ensure optimal performance.

Variety of Models

The complete line of Tennant vacuums and sweepers includes upright models, canister and backpack vacuums, a wet/dry vacuum, and a wide area push sweeper.

The model 3400 vacuum is perfect for environmentally sensitive areas. At only 58 dBA, the 3400 can be operated during business hours. Our smaller 3220 upright model is great for everyday cleaning of smaller spaces. For greater freedom cleaning congested areas, Tennant offers a comfortable

and powerful backpack vacuum that really cleans up. For large or mid-size areas, Tennant offers wide area vacuums to let you get the job done quickly. The Tennant wet/dry vacuum is great for either wet or dry cleaning application and can be customized with a squeegee kit for faster water retrieval. Choose the Tennant push sweeper for cleaning litter from walkways or for sweeping up small debris on large carpeted areas inside or out.

Accessories for All Your Needs

No Tennant vacuum would be complete without accessories. Each unit has optional accessories that will help you get the job done right—saving time and labor. From an off-aisle wand attachment on an upright vacuum to a squeegee kit for the wet/dry unit, Tennant will find the right combination to suit your cleaning needs.

So remember the Tennant 3000 Series of vacuums and sweepers when it comes to any of your floor cleaning needs.

The 3400 canister vacuum is ultra quiet at 58 dBA and triple filtration provides 99.99954% efficiency to 0.3 micron for environmentally sensitive areas. Other features include an 8 L bag capacity, a dual purpose floor tool and a built in crevice tool.

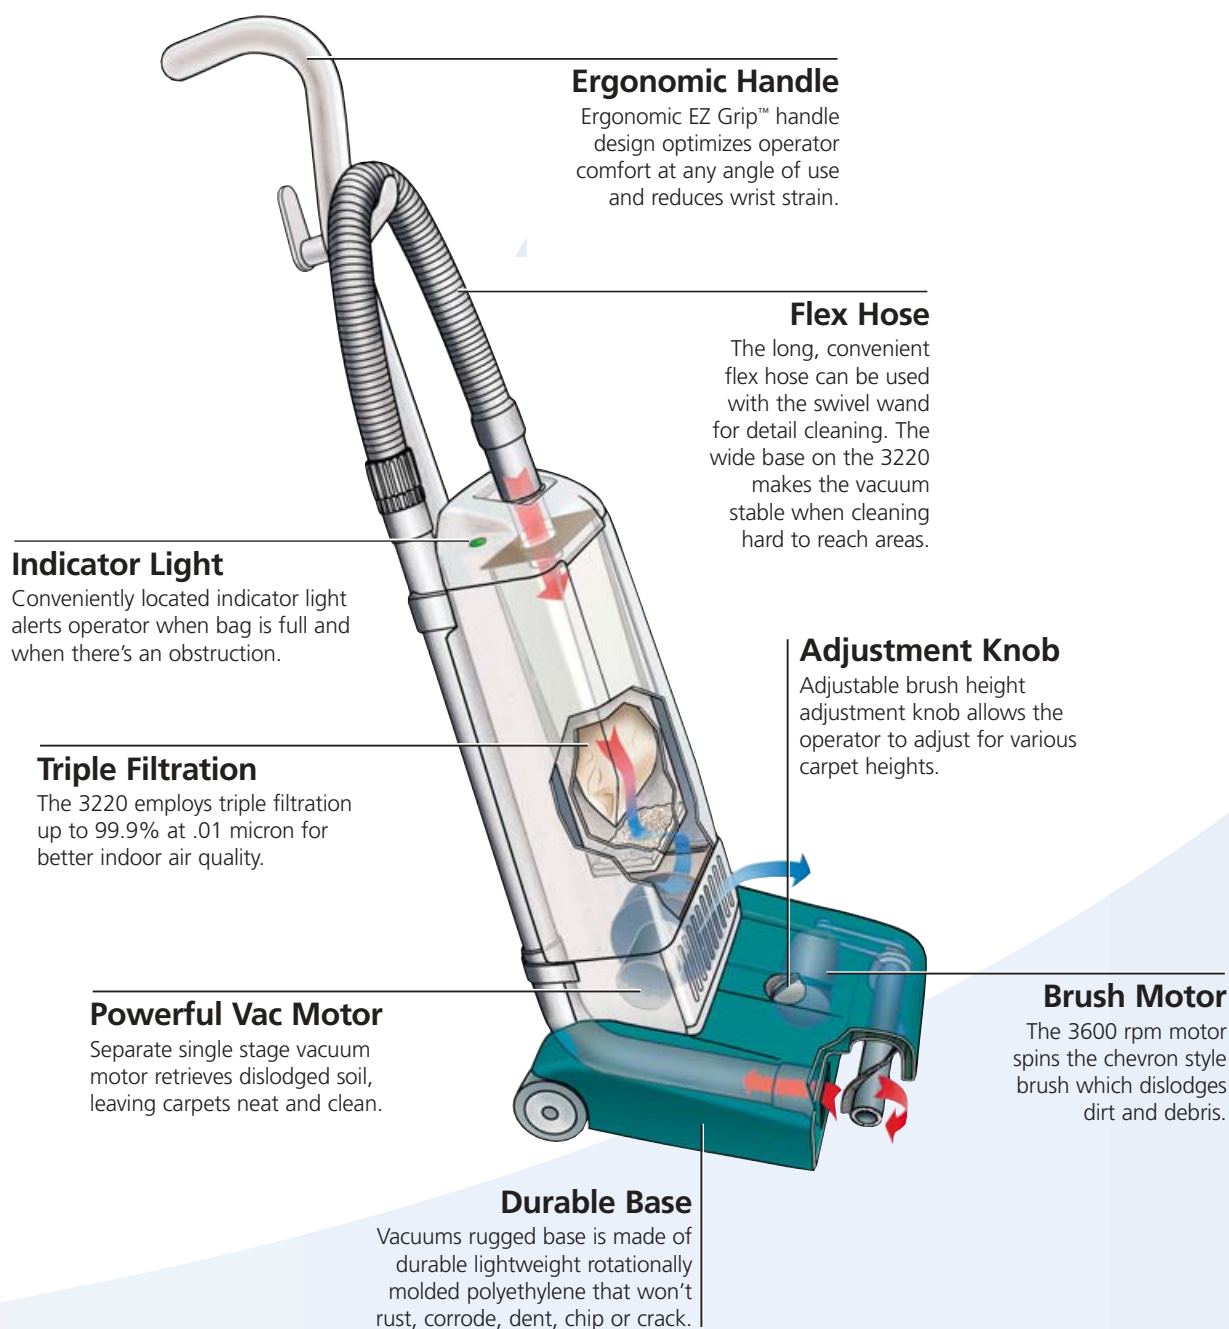

The portable 3050 backpack vacuum is ideal for use in tight areas, detailing and upholstery cleaning. Features include a 5 L bag capacity, adjustable straps for sure fit, 15 m power cord and a 1.5 m expandable vacuum hose. Optional HEPA filter is also available.

The 3220 upright vacuum features dual motors, 36 cm cleaning path, adjustable brush height settings, triple filtration and a patented EZ Grip™ handle design that reduces fatigue. Flex hose and attachments allow the operator to clean in the smallest areas.

Model 3220
Illustration Shown

The 3240/3260 dual motor upright vacuums are built for cleaning wide open areas productively. Features include 56 (3240) or 66 (3260) cm cleaning paths, twin motors for top performance and extended brush housings for edge cleaning.

The 3500 wet/dry vacuum employs a lightweight design, built-in handle and large rear tires for easy transport. Other features include a high performance 2-stage vacuum motor, 15 m power cord and an optional squeegee kit for faster water retrieval.

The 69 cm 3600 (110) model manual push sweeper efficiently sweeps a variety of hard surfaces, like concrete, vinyl, tile, wood, brick and asphalt. No batteries to charge or cords to plug in. Just push and go. Easily removable 0.4 m³ hopper collects dirt and debris.
