## High-Speed Burnisher

BATTERY GLAZER 17

One of a kind burnisher

The Battery Glazer 17 floor machine from Tornado® is a one of a kind burnisher that operates on AGM batteries instead of a standard power cord. Delivering two hours of run time, the Battery Glazer 17 greatly increases your cleaning productivity, saving you time and money. In order to recharge, simply plug the on-board charger into the wall and you are done in no time!

The Battery Glazer 17 has minimal impact on the environment and comes standard with rechargeable, maintenance-free batteries with an on-board charger. The Battery Glazer 17's environmentally preferred features will meet any LEED-EB standard in your work place or facility. Tornado® has also included a dust control feature on this unit that will also pick up any dust or small dirt particles in its path, to ensure healthier indoor air quality (IAQ). Cleaning more than 7,500 sq. ft. per hour, the Battery Glazer 17 will increase your cleaning productivity.

Operating at an incredibly low 59 dBA, the Battery Glazer 17 is perfect for day time cleaning in hospitals, hotels or any facility where noise sensitivity is an issue.
