A new generation of high-performance scrubbers

– optimal productivity and consistent results

PART OF THE NILFISK GROUP

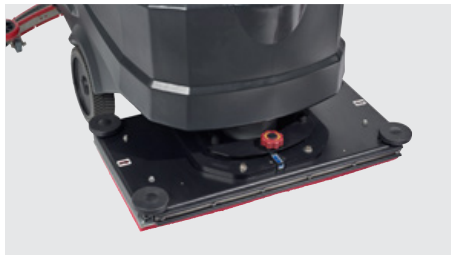

A more convenient solution for fast, easy, and effective floorcare

The VIPER AS6690T/AS7690T/AS7190TO walk-behind scrubbers prioritize smart performance, simple design, and user-friendly operation for cleaning medium to large sized areas. The AS6690T and AS7690T are both equipped with dual-brush decks for fast, effective cleaning, while the AS7190TO uses an orbital scrub deck for intensive multidirectional floorcare.

Each is an ideal solution for facility-managers and contract cleaners who need impressive results in hard-floor areas, whether they're performing routine cleaning, heavy-duty scrubbing, or finish removal (orbital version).

Key features include:

- Eco mode greatly extends battery run time for greater productivity.
- Silent mode allows for cleaning in noise sensitive areas and is ideal for daytime cleaning.
- Finish removal mode icon enables chemical-free floor finish removal (AS7190TO only).
- Traction drive for increased productivity while reducing operator fatigue.
- Designed for quick and convenient tools free daily maintenance requirements.

Orbital technology for multidirectional floor cleaning or floor finish removal (AS7190TO)

Intuitive control panel with LCD screen comes standard on all models (AS6690T/AS7690T shown)

Large opening recovery tank and standard debris tray for quick and thorough clean up
