

Minuteman[®]

Excellence Meets Clean

Kleen Sweep[®] 40R/47R

Compact Rider Sweepers

Key Features

- Cantilever main broom adjustment provides even brush pressure over the total sweeping surface eliminating the need for constant adjustment
- Center staff front wheel drive allows the KS 40R to turn in a 70 inch turning radius
- Seat console tilts back for complete access to battery service and main broom adjustments
- Main broom can be changed out without the use of tools

Safety

- Standard safety seat switch automatically shuts off power to the machine when the operator leaves the operating position
- 180 degree line of sight
- Three breaking systems
- Adjustable seat

Performance	61,354 sq ft/hr (5700 sq m/hr)	77,500 sq ft/hr (7200 sq m/hr)
Hopper Capacity	2.1 cubic feet (.60 cubic meters)	
Turning radius	70" (178 cm)	
sweeping speed	4 mph (6.4 kph)	
climbing ability	12%	
Length with side broom	59" (150 cm)	
Width	38"	
Height	52"	
Weight with Batteries	970 lbs (440 kg)	

General Overview

- Designed for heavy duty commercial use
- Extremely maneuverable
- 18 inch adjustable side broom standard
- 28 inch large main broom
- Up to four hours of non-stop run time
- Easy access for serviceability
- Solid channeled steel frame, built to last
- On the spot maneuverability in a compact rider sweeper
- Can be used on commercial carpeting

Productivity

- Standard 24 volt high capacity battery pack gives up to four hours of run time
- Large 28 inch main chevron style broom cleans a wide path when used in conjunction with the standard 18 inch spring loaded side broom
- KS 40 Sweeps a 40" path and the KS47 sweeps a 50" path for maximum productivity
- Large 2.1 cu.ft. hopper extends run time in between dumping

Ease of Use

- Center console designed for ergonomic and easy access to all control surfaces
- Universal symbols are used on switches and levers for simple operation
