Advance Micromax™ 17E/17B/20B

Walk-Behind Automatic Scrubbers

Maximum Productivity Packaged in a Compact Design.

Advance Micromax™ walk-behind automatic scrubbers are designed to offer premium features, simple operation, high durability, and maximum productivity.

The Micromax™ family consists of three models. The Micromax™ 17E is a cord-electric version with a 17 in disc scrub path designed for minimal maintenance. The Micromax™ 17B and 20B are battery-operated for maximum productivity with 17 in

and 20 in disc scrub paths respectively. All three models feature click-off/click-on scrub heads, hospital-quiet operation, and heavy-duty steel frames.

The Micromax™ packs 9.6 gallons of solution/recovery capacity into a compact highly maneuverable design. The heavy-duty, center-pivot squeegee system provides excellent blade pressure and allows the Micromax™ to pivot on its access while picking up all dirty solution.

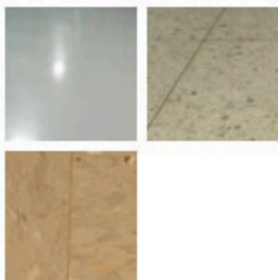

The Micromax™ 17B and 20B are available with both wet-acid and maintenance-free, gel battery options. They also feature standard onboard battery chargers.

In keeping with the Total Clean™ philosophy, the Micromax™ is constructed with a clamshell design that allows complete and easy access to all machine components. Total Clean™ features result in lower total cost of ownership and increased productivity to drive down the cost of cleaning.

The Advance Micromax™ is a great example of how Advance continues the tradition of delivering superior quality and innovative features.

Ideal Applications Include —

- Grocery
- Schools and University
- Healthcare Facilities
- Retail
- Manufacturing Facilities
- Warehouse/Distribution

Increase Safety and Productivity with the Advance Micromax™

Wet Mop & Bucket (Leaves Floor Wet)

3,570 ft²/hr (332 m²/hr)

20 Inch Single-Disc Floor Machine With Separate Wet Pick-up

2,220 ft²/hr (206 m²/hr)

20 Inch Automatic Scrubber (LEAVES FLOOR CLEAN AND DRY)

7,700 ft²/hr (715 m²/hr)

*All productivity numbers published by the International Sanitary Supply Association (ISSA)

Click-off/Click-on scrub heads save time and effort.

Low profile design for maximum visibility and maneuverability

Easy access to batteries and other components assures minimal down time.

Hospital-quiet 64 dB A sound level for safe operation in any environment (17B & 20B)

VALUE FEATURES

Fully adjustable, wrap-around ergonomic handle for optimal comfort and safety

Hospital-quiet 64 dB A sound level for safe operation in any environment (17B & 20B)

9.6 gallons of solution and recovery capacity in ultra-compact, "tank within tank" layout for maximum productivity

Heavy-duty, center pivot squeegee for complete solution pick-up on turns

Heavy-duty steel chassis with triple corrosion protection for maximum durability

Offset and low profile scrub head for edge cleaning

Large recovery tank cover provides complete cleaning access of recovery tank and vacuum shut-off float

Clamshell design allows simple and complete access to batteries, onboard battery charger, and all machine components

Quick-release bristle skirt for application flexibility and easy cleaning

Squeegee features no-tools rotation and replacement of rear squeegee blade (4 usable edges). Squeegee is heavy-duty for durability and maximum blade pressure

Click-off/click-on scrub heads for hands-free scrub head attachment and removal

Simple and intuitive operator controls to minimize training

VALUE FEATURES

The Advance Micromax™, designed with Total Clean™ Technology, is very comfortable and safe to use — by design. The result is increased productivity. The Advance Micromax™ is also designed with features to make it easy to clean up and maintain after cleaning. That reduces the total cost of ownership and drives down the cost of cleaning.

The Advance Micromax™ provides the productivity to clean large areas and the maneuverability to clean smaller, congested spaces.

Defining Cleaning Innovation...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your products by factory-trained personnel around the world, as well as fast parts delivery.
- Maintain peak performance with genuine APA parts.

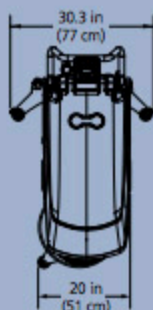

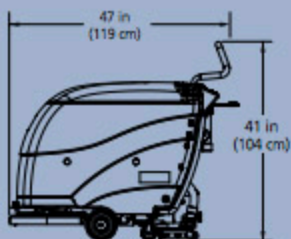

Optional Accessories

- Multiple Brushes for All Applications
- Oil Resistant Squeegee Blades
- Maintenance-free, Gel Batteries
- Off-aisle Vacuum Wand

- **Micro** – Low price, compact design
- **max** – High productivity, superior quality, premium features

Technical Specifications

	Micromax™ 17E	Micromax™ 17B/20B
Scrub Path	17 in (43 cm)	17 in (43 cm)/20 in (51 cm)
Max Productivity Per Hour	14,960 ft ² (1,390 m ²) @ 2 mph/3.2 kph	22,400 ft ² (2,081 m ²)/26,400 ft ² (2,453 m ²) @ 3 mph/4.8 kph
Scrub Head	17 in (43 cm) disc	17 in (43 cm)/20 in (51 cm) disc
Power Source	115 V Cord-Electric with 65 ft (20 m) cord	(2) 12 V batteries 105 Ah wet or 98 Ah gel (onboard charger)
Brush Speed	170 rpm	170 rpm
Brush Pressure	75 lb (34 kg)	60 lb (27 kg)
Brush Motor	0.74 hp (550 W)	0.68 hp (510 W)
Solution System	Gravity feed, variable	Gravity feed, variable
Solution Tank	9.6 gal (36 L)	9.6 gal (36 L)
Recovery Tank	9.6 gal (36 L)	9.6 gal (36 L)
Vacuum Motor	0.54 hp (400 W)	0.68 hp (510 W)
Sound Level	70 dB A	64 dB A
Drive System	Brush-Assist	Brush-Assist
Length	47 in (119 cm) -extended handle	47 in (119 cm) -extended handle
Width (w/o squeegee)	20 in (51 cm)	20 in (51 cm)
Height	34 in (86 cm) -top of tank	34 in (86 cm) -top of tank
Squeegee Width	30.3 in (77 cm)	30.3 in (77 cm)
Weight	276 lb (125 kg)	197 lb (90 kg) -w/o batteries 307 lb (139 kg) w/ std batteries
