

ORBITAL

ALL-SURFACE FLOOR MACHINE

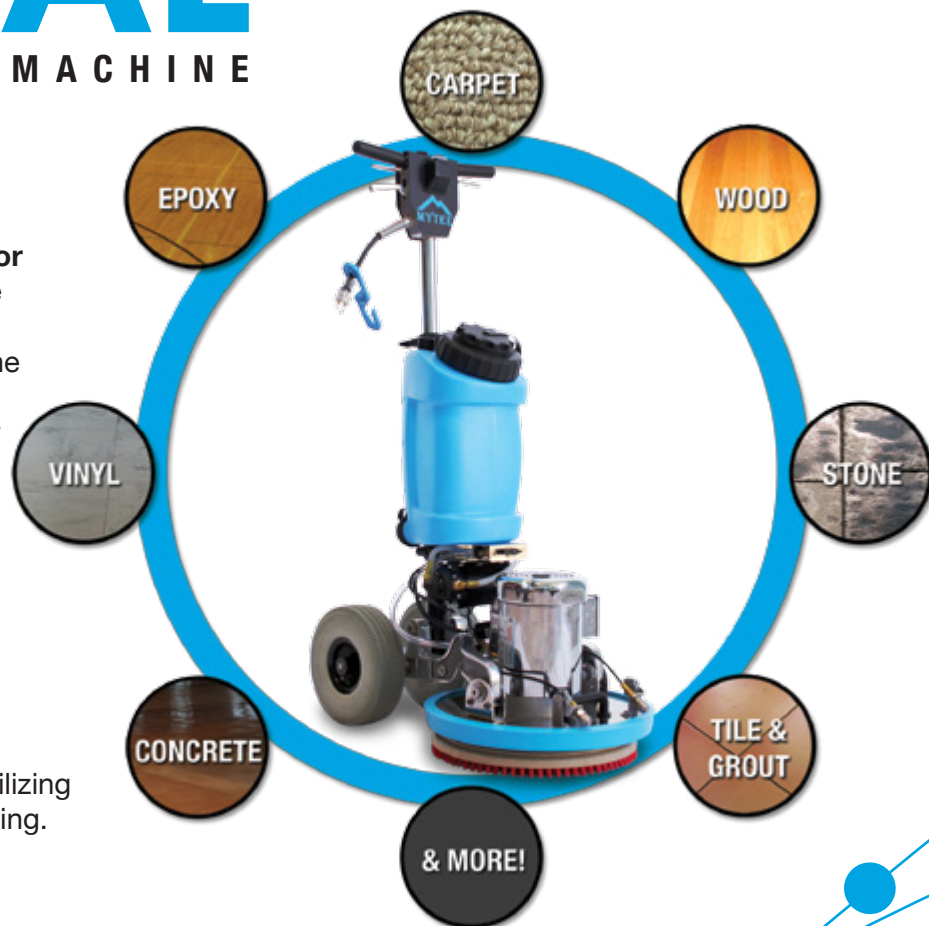

A COMPLETE FLOOR SYSTEM

Mytee's new **ECO-17 Orbital All-Surface Floor Machine** uses orbiting technology to combine two movements that thoroughly clean all surface types. It is a very-low moisture machine featuring a built-in spray system that shoots a fine mist of spray, making it first in its class for environmental and water conservation efforts.

FEATURES:

- Little to no torque for the smoothest operation.
- 17" cleaning path.
- Very low moisture system to conserve water.
- Built-in 4 gallon solution tank.
- Polished aluminum torsion arms.
- Durable stainless steel deck plate adds stabilizing weight for smooth operation and deep cleaning.
- 10" non-marking foam-filled wheels for easy maneuverability.
- 1 HP motor.
- Diaphragm spray pump.

Includes 17" pad driver!

ORBITING TECHNOLOGY

Orbiting technology is a unique system using an offset gear to produce two separate movements to more effectively clean.

1. The head rotates around the center of the driver plate.
2. The offset gear produces a second random orbital movement that results in little to no torque for smooth operation.
